

## **Minutes of Lawrence meeting, April 13, 2025, Sunflower Outdoor & Bike**

Present: Annette McDonald, Kent McDonald, Gene Wee, Becky McClure, Heather Krase-Minnick, Matt O'Reilly, Molly Wood, Dee Boeck

Upon review of the May minutes and motion to approve by Gene and seconded by Becky, the minutes as submitted were unanimously approved.

Gene presented the treasurer's report which was likewise approved unanimously after motion by Heather and second by Dee.

On to discussion of T-Day issues. We will be using a volunteer waiver this year. Becky submitted a new waiver the bicycle club drafted this year as an example. Gene will review that as well as the RRCA recommended waiver.

Gene reported progress with the necessary insurance and city requirements to obtain the use of Woodlawn School and City permits.

There was discussion regarding trying to find new directors for the T-Day 5K. A couple promising prospects have fallen through. Everyone was urged to come up with possible prospects. It was suggested that a mass e-mail be sent out as well. It was determined that we could pay a salary to a director and anyone interested should contact Gene or Dee. Heather indicated a possible interest a couple years down the road, but not now.

Samples from two local vendors for beanie-type caps for our swag this year were passed around and discussed. Four or five samples were passed around and the majority agreed on two versions from Holman. It was noted that all these caps are made in a country subject to the new increased tariffs and Gene will check with the suppliers on whether that will affect the cost.

Several members reported on recent races they have attended: Molly, Becky and Dee on the DC Cherry Blossom 10 Mile, Matt on the Flint Hills Gravel 21K Run at Americus, KS. Some plan to run the KU Relays Open 5K.

It was agreed we will try to hold our next meeting outdoors at South Park, weather permitting.

Meeting was adjourned.

Submitted by,

Dee Boeck  
Secretary
